SUBJECT INDEX

Adolescents,
self-efficacy, smoking 273
Age,
health behaviour 131
AIDS,
awareness among British students 75
awareness among Texas students 67
communicating the risk to students 59
effectiveness of international campaigns 7
in Africa 41
informing the British public 19
problems of prevention among drug users 49
public awareness in Norway 31
public awareness in Ireland 25
public awareness in Australia 367
AIDS education,
among minorities 113
and the Army 89
reaching high risk groups, Switzerland 105
television's role 117
training health carers 97
Alcohol
and driving, rural youth 197
portrayal on television 267
Army,
AIDS education 89
Athletes,
eating disorders-behaviours, attitudes 203

Breast self-examination,
among older women 181
factors influencing its practice 191

Cardiovascular health knowledge,
television 141

Delphi study,
wellness construct delineation 353
Dengue fever,
health education, community participation, Dominican Republic 399
Developing countries,
health education research, problems, Nigeria 429
marketing oral rehydration solution, Haiti 421
reassessing health education 387
visual literacy, Nepal 393
Drug users,
problems of prevention of AIDS 49

Eating disorders,
behaviours, attitudes, athletes 203

Farming,
rural stress 331

Health behaviour,
age, social ties 131
Health behaviour index,
choice of measure 381
Health education,
dengue fever, community participation, Dominican Republic 399
reassessing, developing countries 387
research, developing countries, Nigeria, problems 429
slow learners 153
Health promotion,
choice of measure 381
retirees' attitudes 325
weight control church site program 305
wellness program, impact evaluation 293
Hospice,
public attitudes 375

Mass-media education,
peridontal health campaign 243
Message framing,
overview 161
Minorities,
misconceptions of AIDS 113

Oral rehydration solution,
marketing, developing countries, Haiti 421

Peridontal health,
mass-media education campaign 243
Preventive health habits,
interrelationship 317
Public awareness,
hospice 375
of AIDS in Australia 367
of AIDS in Ireland 25
of AIDS in Norway 31

Retirees,
health promotion attitudes 325
Rural community,
stress 331
Rural youth,
drinking and driving 197

Self-efficacy,
behavioural change models, adolescents 273
dietary and exercise change 283
smoking 273
Sex,
nonconsensual among students 233
Slow learners,
health education 153
Smokelesstobacco,
predictors of use among students 173
Smoking,
editing smoking behaviour 257
self-efficacy, adolescents 273
Social ties,
health behaviour 131
Stress,
rural community 331
Students,
awareness of AIDS, Britain 75

awareness of AIDS, Texas 67
communicating the risk of AIDS 59
nonconsensual sex 233
nurses, teachers and smoking 257
predictors of smokeless tobacco use 173

Television, 141
cardiovascular health knowledge 141
portrayal of alcohol 267
role in AIDS education 117

Visual literacy,
research, developing countries, Nepal 393
Weight control,
church site program 305
Wellness,
construct delineation, Delphi study 353
Wellness program,
impact evaluation, attendance 293
Women,
breast self- examination 191
editing smoking behaviour 257
